Applicant has received a Notice of Incomplete NonProvisional Application, dated June 3, 2004, copy attach. The Notice asserts that the above identified application was filed in the USPTO without a drawing.

Applicant's attorney has discussed this situation with Philip Kirkpatrick, the attorney who prepared the application (Reg. No. 46,015) and Lois Briggs, the secretary who prepared the Return Postcard and who placed the application together with the other items listed on the Return Postcard in an envelope and deposited the same with the United States Postal Service as first class mail addressed to Mail Stop Application, Commissioner for Patents, P.O. Box 1450, Alexandria VA 22313-1450. On information and belief applicant's attorney asserts that the three sheets of drawing were included in the envelope mailed to the USPTO.

In support of this assertion, applicant is attaching hereto a copy of the Return Postcard listing, among the other items, "Drawings 3 Sheets, Formal".

Accordingly, applicant herewith petitions the Commissioner to withdraw the Notice of Incomplete NonProvisional Application and to award this application its filing date of January 6, 2004. Although applicant submits that the Petition should be granted, applicant is at this time also submitting another set of the drawing, three sheets, by a separate communication.

The Commissioner is authorized to charge to Deposit Account 01-1125 the \$130.00 petition fee (37 CFR 1.17(h)); a duplicate copy of this Petition is attached. However, since applicant believes that applicant is entitled to the January 6, 2004, filing

Respectfully submitted,
